5th October, 1942.

In the District Court of Nablus,
Through the Assistant District Commissioner,
TULKARM

BETWEEN:-

Deeb Mustafa Abu Hantash represented by
Fouad Bey Atalla, Hanna Eff. Nakkara, &
Anis Eff. Khoury, 7 Allenby Road, Haifa. Appellant.

and

REX, Tulkarm Respondent.

NOTICE AND GROUNDS OF APPEAL

Notice is hereby given of the appellant's appeal against the conviction and sentence rendered by the Assistant District Commissioner on the 3rd of October, 1942 sentencing the appellant to six months imprisonment and ordering the confiscation of 15 kantars of millet, approximately.

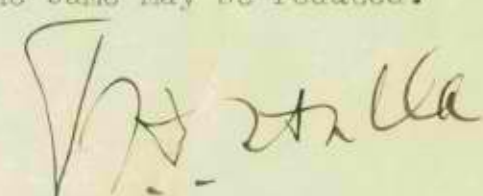

The grounds upon which the appeal is urged are as follows:-

- x 1. That the appellant did not understand the nature of the plea.
2. That the summons issued in this case did not comply with the requirements of Rule 247 of the Magistrate's Courts Prosecute Rules 1940.
3. The time given to the accused was insufficient to enable him to prepare his defence and appoint an advocate and was in any event contrary to rule 249.
4. Alternatively it is submitted that the sentence was, with due respect, too severe as the circumstances of the age of the accused and the plea forwarded could not justify such a hard sentence.

Wherefore it is prayed that the conviction and sentence may be set aside, alternatively that the same may be reduced.

Case No.17/42.

A.S.P., Tulkarm.

Appellant's Advocate.

For information.
